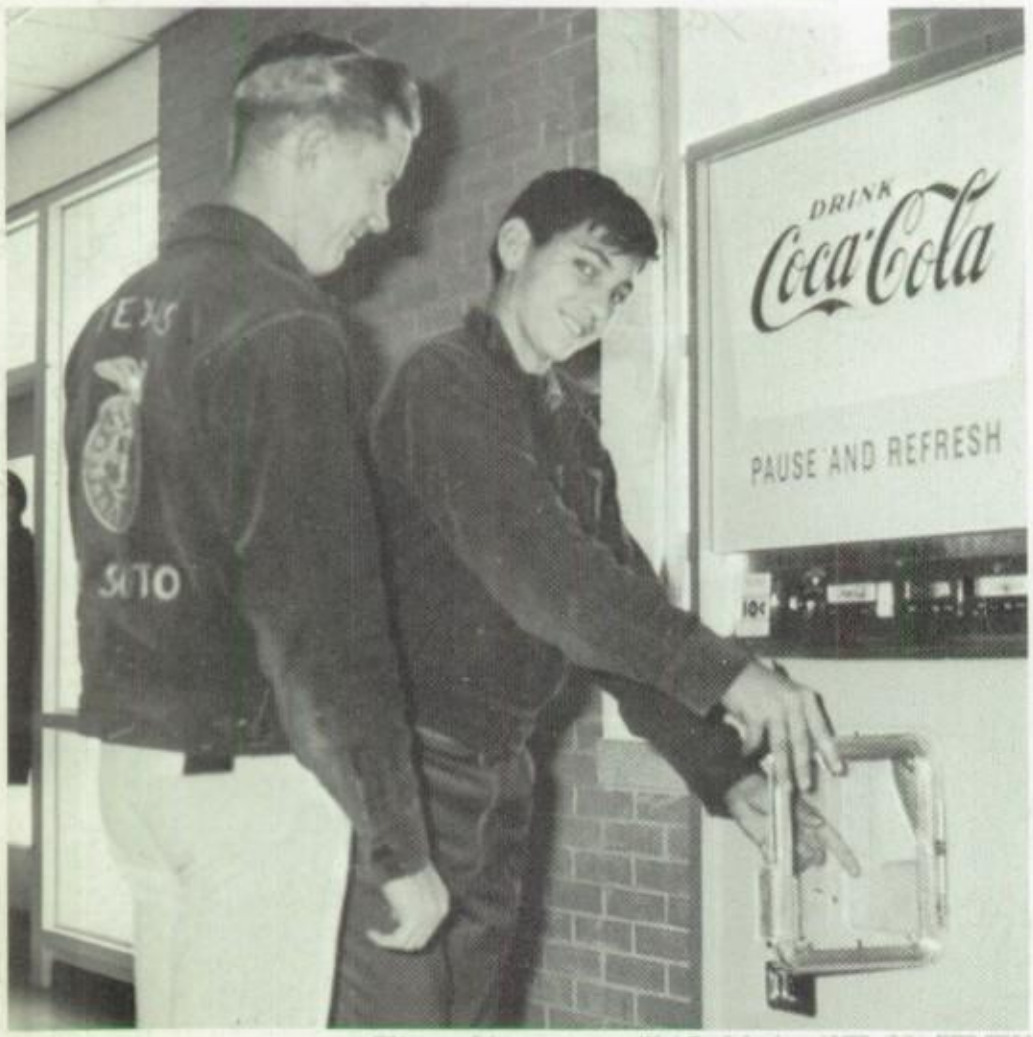
1966-67 Eagle Eyes D.H.S



. . . Refresh

. . . R

September to May found the eyes of the 1966-67 Eagle blurred from hectic flurries of action. New innovations in the school curriculum, such as Career Day, special assemblies, and Hobo Day brought increased interest and activity to the student body.

Straw hats, combat boots, mismatched socks, and multicolored ties were followed by strains of laughter as Hobo Day made D.H.S. look something like a prison camp for orphaned teenagers. Teachers were exhausted and relieved at the end of Hobo Day after holding what could have been pandemonium to a quiet roar.

Doctors, lawyers, and Indian chiefs came to discuss their chosen trade on Career Day. An educational experience, Career Day proved to be rewarding and enlightening. Also, surrounding area colleges and universities sent representatives to encourage the students to further their education.

Mrs. C. Stathakos Condos of the Goals for Dallas committee, impressed upon D.H.S. students the intensity of the problems of the neighboring metropolis. The Goals for Dallas included government, future city architecture, health, welfare, transportation, safety, education, culture, recreation, and economy. These proposed goals were submitted at a series of Neighborhood Meetings.

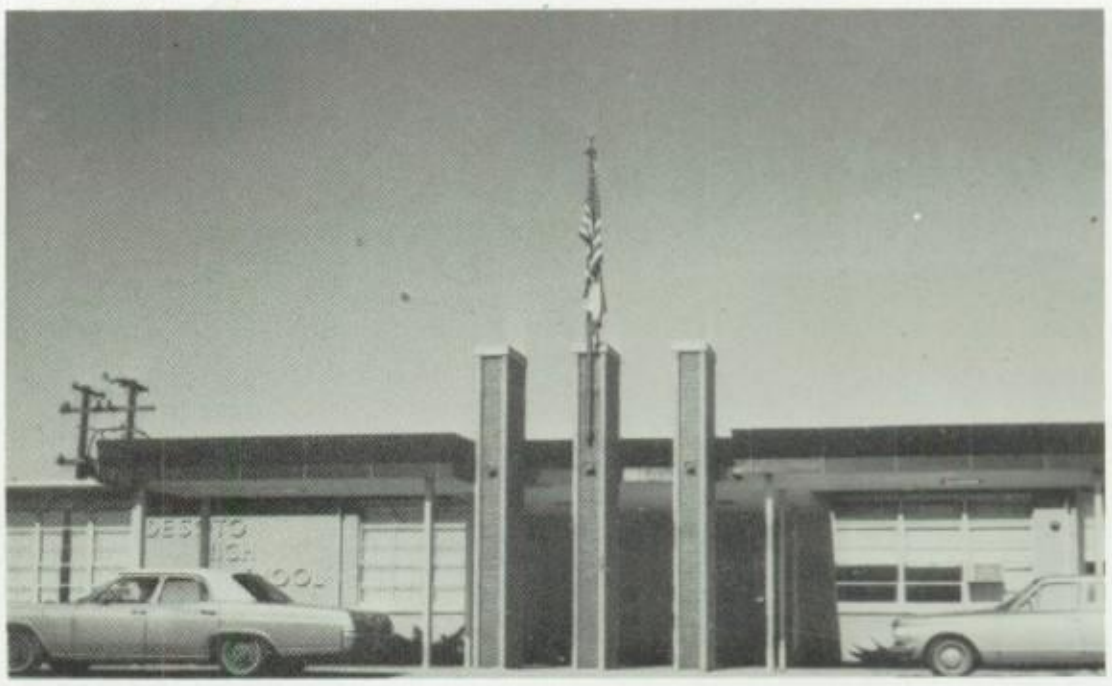
DeSoto High School . . .



Remember this scene? De Soto High School seemed vacant at 8:05 a.m. in the morning before the many activities at the school started.

Doesn't it look desolate? At 3:35 p.m. the school was quiet and peaceful until the next day at 8:30 when the daily routine began again.

Organizations & Activities

Football, basketball, class plays, and assemblies left the Eagle breathless as his telescopic view caught all these activities and many more during the 1966-67 school year.

When the Homecoming Parade came to an end, the crowd gathered at the football field for a few cheers led by the cheerleaders. Along with many other yells the traditional flip by Phyllis Reed, and Debbie Hopkins was done, while the others, Karen Benton and Becky Russell, jumped to show real spirit.

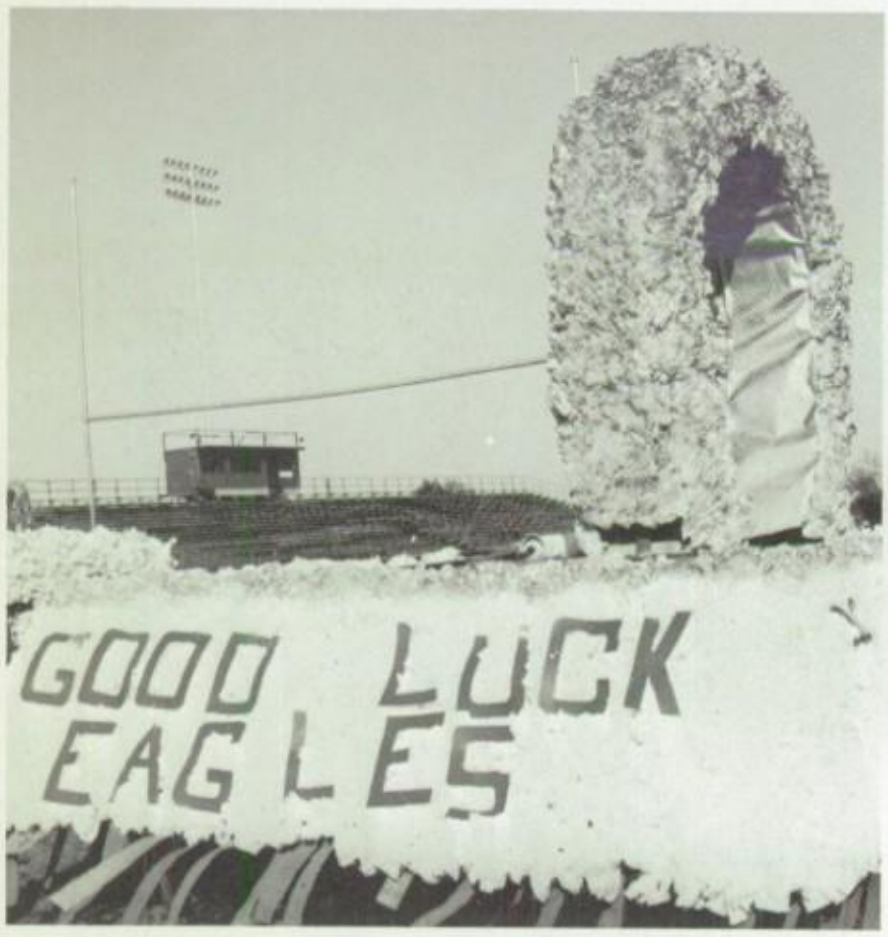
In the Parade, the many floats made by the students showed their school spirit.



At the end of a great Pep Rally, the famous school song of De Soto was played as the fans kept silent.

The Goals for Dallas program was presented to the De Soto High School student body by Mrs. C. Stathakos Condos.

Solemn thoughts were prevalent in each student's mind as the student body gathered in the gymnasium to hear the candidates running for the student body offices. Among those candidates running for office were; Lynnell Robinson, Larry Bearden, and Joe Bullock. The outcome of the campaign was toward the feminine candidate as the student body elected Lynnell Robinson into the Presidency and Larry Bearden into the Vice-Presidency.

Our school was visited soon after elections by Mrs. C. Stathakos Condos speaking to the student body about "Goals for Dallas."

The 1966-67 Homecoming Activities Highlighted by the Crowning of the Newly Elected Queen

Emily Marie Fitzhugh, Sophomore candidate, and Carol Norwood, Freshman candidate anxiously await the decisive moment.

Upon reaching the high point of the football season, the enthusiasm of the student body began to build as the nominees for Homecoming Queen were chosen. On the night of the official crowning, excitement filled Eagle Stadium as half time approached.

Each candidate—nervous, yet smiling—said a silent prayer as the moment neared. After the introductions of the nominees, the suspenseful moment arrived . . . Through the stillness, the announcer said, "The 1966 Homecoming Queen is Miss Emily Fitzhugh!"

After the crowning and traditional kiss by her escort, Larry Kerby, Miss Fitzhugh was driven once around Eagle Stadium. Displaying her newly won crown to the De Soto student body and its ex-es, she was the image of a true queen.

A proud and emotional queen left the field. She greeted her classmates with a radiant smile, and thankful heart.

So ended the hectic week of Homecoming preparations. Tired, but happy, students celebrated another victory.

The girls made heart-shaped candy cups for children's hospitals for Valentines, gathered kit materials for Vietnamese children, collected food and clothing for a needy family at Christmas, and participated in other National Red Cross activities throughout the year.

Cheerleaders Boost Winning Spirits

Vibrating walls were a constant threat to the student body and faculty as the cheerleaders led ear-piercing yells that echoed throughout the school. During the football season, their boundless energy was released by painting not only huge, monstrous signs, but cars and smaller posters. They conveyed feelings of good will as they extended welcome glances of hatred to the visiting cheerleaders from Plano. The homecoming parade could never have been the success it was if not for the cheerleaders spreading the old "school spirit".

Cheerleaders can sure yell—but they sure can't spell!

Leading spirited yells and adding to the spirit of the football season, were the Eagle cheerleaders. Led by head-cheerleader, Karen Benton, they traveled to all football games and boosted the morale of their team and classmates.

For the first time in 1966, the cheerleaders were divided into two groups. The varsity cheerleaders, Karen Benton, Senior; Phyllis Reed, Senior; Becky Russell, Junior; and Debbie Hopkins, Sophomore; led the student body at Pep-Rallies, Varsity Football games. The "B-team" cheerleaders, headed by Debbie Hopkins, Soph., and assisted by Freshmen Sarah Cochran, Judy Keller, and Carol Norwood attended all Freshmen and "B-team" games backing their classmates to treasured victories.

At the close of the football season, the Eaglettes, like the Eagles, had proved themselves to be one of the best organizations in the new district. Performing at all Pep Rallies, football games, and parades, regardless of weather, the Eaglettes had a year not soon forgotten.

The newly appointed sponsor, Mrs. Gladys Jackson, made new rules and regulations for the members to follow. Mrs. Jackson, along with Capt. Penny Pangburn; Lieutenant Velda Thomas; and Patty Campbell all went to Drill Team School to learn new routines. They came home with twisted muscles and sore backs, yet ready to teach the other members the routines.

Sparkling Lines Show Precision

Thirty-two members of the Eaglettes put forth many hours of hard practice preparing for the advancing football season. Mrs. Gladys Jackson, sponsor of the Eaglettes, worked the drill team toward one major goal ... perfection. "Sparkle" was a new component during the past football season as the Eaglettes performed the many routines learned at Southern Methodist University's Drill Team School which Penny Pangburn, Velda Thomas, and Patty Campbell attended. Charm, vivacious smiles, and enthusiasm shone during their performances. Because of the precision and quality the Eaglettes received many outside requests for performances. During the Christmas holidays the Eaglettes acted as Santa's helpers at the Furniture Cottage.

Bowing is definitely not one of the Drill Team's better points.

The Quadrangle Show held on March 10 and 11, was the largest ever held, with over 200 entries from De Soto, Duncanville, Cedar Hill, and Lancaster. Among many activities at the show was a new event, the judging of horses. Cattle, swine, and poultry were also included in the show.

Eagle Band Earns High Honors

Under the excellent directions of Mr. Robert Selden, the 1966-67 Eagle Band soared to fantastic heights by winning many coveted awards. The season's football games were enlivened by its zesty music, focusing on various jazz arrangements.

Leading the De Soto strutters in intricate maneuvers and giving sharp commands was Sophomore Phillip Nickles. Outstanding formations and impeccable drills were only two of the band's fine merits.

As always, an outstanding female band member was chosen for the honor of Band Sweetheart. This year, Freshman Mimi Webster was designated to be the recipient of the coveted crown. Miss Webster's many qualities well deserve admiration, for she possesses not only musical ability, but a humorous wit and charming personality.

Another contributor to the band's unexcelled quality is Joanye McNair, a Senior who has performed with the group for six years. Joanye is the band's first chair flutist and has added much to the special assemblies with her instrumental solos. An added accomplishment of Joanye's this year is placing first chair in the Regional competition.

Classic style has been added to the band by Larry Crone, an expert cornet player who placed second chair alternate in the Regional Band.

Preceding the band were De Soto's high stepping majorettes. New maneuvers and routines were performed with professional ease by this year's twirlers. The squad, headed by Junior Elaine Dobbs, consisted of Jimmie Lou Morgan, Marsha Thedford, Marion Stewart, and Janice Hill.

Occasionally counseling with Mr. Selden were the band's officers. The officials this year were: Willy Breeding, President; Tony Brooks, Vice-President; Jimmie Lou Morgan, Secretary; Larry Crone, Treasurer; Elaine Dobbs, Reporter; Madelyn Moore, Historian; and Joanye McNair, Librarian.

This year's business included a calendar sale, conducted in order to earn the money to purchase curtain material. The cloth was donated to the Homemaking class who used it in making the curtains now hanging in the Homemaking department. Also the girls purchased stamped unaddressed Christmas cards which they gave to a state hospital before Christmas, and contributed Easter eggs to the Denton State School.

The theme for the annual banquet was "Hawaiian Holiday". The island atmosphere was enhanced by the singing of "The Whispering Palms" and the dancing of a miniature hula girl. Mrs. Richey of De Soto honored the guests with slides from her recent trip to Hawaii. The Future Homemakers of America Beau, Larry Crone, was presented with a traditional gift, a keychain engraved with the F.H.A. emblem.

Student Council Aids Administration

Mike Hill, Darrell Tate, Richard Fuller, Freddy Thompson, and Gary Lazek participate in the Student Council's "Hobo Day".

Student government in High School not only serves to promote better student-teacher relationships, but to encourage the pupil to take an interest in politics and the functions of a democracy. A representative is elected to the Student Council by popular vote of the class or organization with which he is associated. In this way each student has a voice in all decisions made by the council.

The election for President of the Student Council is much more than a mere tabulation of votes. Each candidate is plunged into a campaign of smiles, handshakes, promises, and one timorous speech.

For the first time in D.H.S. history, a girl, Lynnell Robinson, was elected to fill this high office. Opposed by two Senior boys, Larry Bearden and Joe Bullock, Lynnell also a Senior, was determined to make her last year the best possible for her fellow students.

During the year, the Student Council set a day aside as "Hobo Day" another for "Career Day", with speakers from various professions throughout the day, and a giant Christmas tree was set up and decorated by the Student Council members.

The students taking courses in Spanish, under Mr. Paul Wilson, formed the club with Señor Wilson as sponsor. The club was formed, as in past years, to further their knowledge and make themselves more familiar with the Spanish language and customs. As the charter permits, the officers were elected from Spanish II. The reigning directors of the club are: President, Larry Payne; Vice-President, Larry Roberts; Secretary-Treasurer, Virginia Bullock; and Student Council Representative, Dian Herrington. After Another Year, the Annual Staff Completes Final Deadline

The Annual room was sometimes a scene of mass confusion with the Editor-in-Chief advising the Section-Editors, copy being tossed to typists, and pictures being snatched from the photographer's hand. Although the pace may seem hectic to a spectator, this enthusiasm resulted in the 66-67 Annual.

Superintendent and School Board Plan for the Future

Improvement in the field of instruction, additional teaching aids, and acquisition of the new books for the library were all goals for the 1966-67 school year which were realized by Mr. Fred Nickles, superintendent. In addition, he continued working toward accreditation with the Southern Association of Colleges and Schools by furthering the work done on curriculum guides and self evaluation.

Serving as president of the Dallas County Administrator's Association this year, Mr. Nickles spent many hours working on legislation. He was also instrumental in working out a division of the class 11-AA Interscholastic League.

While the schools gained 190 students and seven teachers this year, Mr. Nickles stayed busy planning for next year's growth, and expected growth of the years to come as DeSoto remains a rapidly expanding suburban residential area.

Administrators Assume New Duties

Two "firsts" for DHS this year were having a business manager for the first time, and a vice-principal for the first time. Mr. Joe Morgan, principal, also assumed the duties of business manager this year, and Mr. Harold Horne, science teacher and former basketball coach, became the assistant principal.

As business manager, Mr. Morgan does all the purchasing for the entire school system, and has set up a new purchasing program for the school. His financial duties included working with the budget and the federal programs in order to work out an equitable arrangement for building up the facilities of the school. He is in charge of maintenance and beautification, as well as personnel, lunchroom staff, and janitors at the high school.

Discipline problems, attendance, and student activities were the chief responsibilities of Mr. Harold Horne, as he assisted Mr. Morgan in the duties of principal. Mr. Horne also taught three classes of general science this year. Both men attended all school functions, and participated in meetings with other school administrators.

English and Math Are

Senior English Eyes have zeroed in this year on an important form of American entertainment—the drama. The Seniors culminated an extensive study of the Shakespearean Theater by enacting original skits depicting the theater. Juniors continued this theme with the American theater and the study of *Our Town*. Students were also given an opportunity to express themselves in the "poets jargon."

Sophomores scaled many mountains with fiction, non-fiction, poetry, and musicals. Among others, "The King and I" brought visions of a far away land to the more imaginative students. Freshman Eagles began to climb the literature ladder by writing themes. Emphasis for the Semester was placed on more mature reading and creativity.

Mathematics presented a wide range of studies from general Math to Algebra to Geometry and to Trigonometry. How to memorize postulates, learn theories, and develop a mathematical vocabulary are only a few of the devices that are stressed to help students to help themselves. Understanding how to apply mathematics to everyday life was taught so that the student was able to develop a greater appreciation and knowledge of the subject.

Students are puzzled as Mr. Watson explains the New Math.

Varied Courses Add

Improvement in the interest and cooperation of students has been the goal of the Physical Education program this year at DeSoto. The emphasis was on sportsmanship, skills and improved physical fitness. Physical fitness tests by a national norm are administered three times a year. The purpose is to show a comparison to the accepted standards and to make individual improvement. The program consisted of a six week period of Health while the rest of the term was filled with tumbling, baseball, volleyball, archery, and many other sports.

New textbooks, new methods, new equipment and even new teachers characterized the business department this year. Three electric typewriters were added to the 23 almost-new manuals in the department. A "superscope" and styli added to the effectiveness of the reproduction equipment. Transparencies for use with the overhead projector were incorporated into the Bookkeeping course.

Additional electric outlets and wiring were put in the rooms used by business students, so that the electrical equipment could be accommodated. Students enrolled in economics had new textbooks this year. Mr. Neal Ball, from the Junior High School, replaced Mrs. Mary Lockadoo at mid term.

Students Look to the Future Through Vocational Subjects

Over 250 students inhabited the Vocational classes this year as a new record for enrollment was set. With the experience gained from these classes, the Eagle saw students busily preparing for future goals and tomorrow's successes.

Vocational Homemaking presented interests ranging from making a skirt to planning a wedding. Homemaking students found sewing to be an adventure with the purchase of four new sewing machines. Besides sewing, girls learned how to "set a table", prepare meals, and even how to make a bed. The Parent-Daughter banquet was the highlight of the year with the students preparing the entire dinner.

Vocational Agriculture also offered many new experiences as students studied the F.F.A. organization, its history and purpose, parliamentary procedure, and many other facets of Agriculture. The high school was well represented at the District Leadership Contest in Garland, and did just as well in the Quadrangle show in the Spring. The annual Parent-Son banquet was held as the 66-67 school year came to a close. If it's building a home or planning a career, students find both Agriculture and Homemaking to be rewarding subjects.

Linda Riddle and Barbara Woodall enjoy cooking, but it's the after effects that bother them.

Students grin with enthusiasm as they study vocational Agriculture.

World History, American History, Texas History, and Civics were found to be more interesting this year. Numerous films were shown on everything from the Louisiana Purchase to the President's Cabinet. Students in history classes found studying to be quite a challenge, as they compared the past with today by studying current and historical events. Civics classes dealt mainly with national, state, and local government.

Because of the purchase of several pieces of equipment, the science department was ready to meet the rigid demands of a successful Science program as the school year opened. A high power microprojector, an oil immersion microscope, and a stereo microscope were all purchased to make the department better and better. More experiments by the students were done this year, with many being shown at the Science fair in March.

Teachers Aid Students In All Aspects of Learning

To increase the book collection to 3,000 titles was the goal of the administration in the library department this year. 327 new books were added, bringing the total to 2,020 titles. Freshmen were given instructions in the use of the library to learn how to use the materials independently. The librarian always strives to select books and other materials for curriculum enrichment purposes.

Each school year, in the Spring, Freshmen, Sophomores, and Juniors register for next year's classes. Mr. Kattner, Supervisor and Counselor, counsels with the students and helps them in deciding what subjects to take the following year.

Sports

Spying on all facets of extra-curricular athletics, the 1966-67 Eagle saw many outstanding players in every realm of sports.

Eagles Select Sweetheart, Karen Benton

Boosting the spirits of the Eagles was Miss Karen Benton, who was crowned football sweetheart during half-time of the 1966 Homecoming game. Etter and Cox seem to have enjoyed the ceremony, and also the fringe benefits of being co-captains.

Finishing third in the district with a 7-3 record, the Eagles broke the ice in their first year of class "AA" competition. The Fighting Eagles were defeated only by Bishop Dunne, Seagoville, and the defending State Champs, Plano Wildcats. By scoring 146 points, the Eagles wound up with 16 points more than their opponents' 130.

The Eagles were off to a thrilling victory as Ronnie, "Golden Toe", King kicked the extra point to win over the Everman Bulldogs, 7-6. Next, the Eagles traveled to Mansfield for their second victory when they overpowered the Mansfield Tigers 20-19.

Sign "busting" boosts the spirits of the victorious Eagles as they anxiously run onto the gridiron.

With the help of King, Grounds, and Cox, Bearden runs to gain extra yardage, but is stopped by a band of Alvarado Indians.

The following game was with a former rival from District 14-A and a bordering neighbor to the West, Cedar Hill. The Longhorns attacked in high spirits, but could not break the Eagles' winning streak. The Eagles soared to another victory, 12-8, as halfback Larry Bearden flew 85 yards for the winning touchdown.

While looking for a difficult victory, the Eagles were, nevertheless, defeated by the 3-A state rated Bishop Dunne Falcons. After this hard defeating blow, the Eagles faced their district games starting with the Seagoville Dragons. With low spirits, the Eagles fell to defeat in their first district game.

Eagles Play Their Best

Another Eagle first down.

In the second district game, the Mighty Eagle defense led by Dalton Davis, Don Cox, Larry Bearden, and Roger Bullard, held the Plano Wildcats to a small margin the first half but failed to bring a victory home to De Soto. "Flying" spirits prevailed over Eagle Stadium as they flew past Wilmer-Hutchins, 28-0. The big howitzer for the Eagles was quarterback Mike Etter, who passed for two touchdowns, and ran over for the other two. Winding up the season with a victorious journey to Rockwall, the Eagles tromped the Yellowjackets 28-0.

After the season, there were many honors given to members of the team for personal recognition. Honors awarded were—All District players: Mike Etter, defensive halfback; Wayne Phillips, offensive guard; Don Cox, linebacker. Honorable Mention went to Glenn Grounds, Daryle Grounds, Keith Kelm, and Larry Bearden.

Other awards given were: Larry Bearden, Sparkplug; Mike Etter, Best Back; Don Cox, Best Lineman; Dalton Davis, Star Award; and Eddie Elliot, Academic Award.

B-Team Proves To Be Prospective Varsity

B-Team efforts this year resulted in a 5-2-2 season record. They were only defeated by Fort Worth Christian Tigers, 8-0, and Everman Bulldogs 32-0. Hard fought games with Wilmer-Hutchins and Bishop Dunne ended in ties. The losses and ties didn't seem to lower the Eagle team spirit. B-team play is the proving ground for the future varsity teams.

. . . in Violent Race

Along with many losses, the Eagles accomplished some goals. In the Cedar Hill tournament our team brought home a second place trophy to add to the third place trophy from the Midlothian tournament.

This was a rebuilding season for the Eagles' basketball team. There was much youth on the court for De Soto all season with six of the squad's eleven being underclassmen. All six lettered and started some time during the season. Although the team's inexperience and the tough schedule created a losing season, (8-20), the boys kept a good spirit and never quit hustling. This, in itself, speaks well of the boys' character and determination.

Three of the first five scorers were Sophomores, again exemplifying the dependability of the team on its youth. First among the scorers in total points was Senior, All-District, Mike Etter, with 309 points. He also had the highest average per game with 11.04. Phillip Morgan, a Sophomore was also chosen for the All-District team, and with a total of 264 points, ranked second in scoring.

Etter goes up for two points against Plano.

At free throw line, Grounds makes another goal against Plano.

The 1966 Eagle Girl's Basketball Team was a relatively inexperienced team, however they showed tremendous effort for the season. The team, composed of Juniors, Sophomores, and Freshmen has only four returning lettermen, whereas, next season there will be nine returning.

Gayle McDaniel lead the season's scoring with 306 points with a 17 point game average. Brenda Skinner, Ann Grant, Mary Pate, Pam Hopkins and Debbie Hopkins added a combined effort of 112 points. Becky Russell, Glaudia Lasater, Bonnie Green and Ann Grant contributed a great effort on defense.

Daily hustle and bustle, combined with scores of new rules, proved no problem to the Freshmen as they took to the hectic stream like veteran pros. With all the added confusion, the ninth-graders anxiously awaited the initial year of higher education. As always, the Freshmen were readily able to adjust themselves to each and every arising situation.

The Freshmen participated in many extracurricular activities such as Student Council, sports, and the Homecoming festivities. There were many Freshmen in the band and three of the four B-team cheerleaders were Junior High graduates. Several Freshmen helped actively as library aids. The Freshmen were also represented by one ninth-grade girl on the Drill Team. The Freshmen basketballers boosted the B-team to an exceptionally successful year. These first year high schoolers also ranked high in the annual football academic awards with four second string gridsters holding high placings.

OFFICERS: Dennis Smith, Treasurer; Brian Nichols, Vice-President; Von Trees, President; Wes Jones, Reporter; Larry Roberts, Secretary.

Sophomore Eagle Eyes focused on many activities that took much time and preparation. Although days, and sometimes nights were rushed, students still found time to keep up their academic averages. An excellent example of this is the annual football award, given to the outstanding player of the combined football squads. This year, the award went to a Sophomore boy with a high ninety per cent average.

Seven Sophomore girls were in the Drill Team, while three tenth-grade boys made the Varsity eleven. The Sophomores were looking forward to a successful year in basketball, track, and baseball. Also one "A" team cheerleader was a Sophomore, and six band members were of the same class; one of which was the Drum Major who led them in various competitions. This year, the title of Homecoming Queen was bestowed upon a favored Sophomore girl. Spirit such as this in De Soto's lower classmen, reveals an ever widening horizon in our school's future.

Watching closely, the guardian De Soto Eagle found that the Junior-Senior Banquet was bigger and better than ever this year. The industrious Juniors tackled many projects, two of which were selling magazine subscriptions and birthday calendars. Novelty stuffed animals were sold to raise funds.

Many Juniors took part in all facets of the school curriculum. The Drill Team lieutenant was a Junior and nine Juniors were included on the varsity football team. Six Drill Team members were Juniors and three majorettes were also among this class. One cheerleader for the A-string eleven was a Junior. Junior girls were a great aid to Mrs. Sharp as office attendants, and several eleventh-graders worked in the school library.

Even though extra-curricular activities were spotlighted this year, outstanding citizenship and good grades were also kept high on the agenda.

1966-'67 Eagle Eyes glimpsed rings, photographs, senior trips, and the traditional cap and gown of the Seniors teaming together in a mighty effort to drain the parental pocketbooks. Many flurries of excited activities captivated the Seniors as the anticipation of the long-awaited became obvious. One of the festivities was an excellent banquet staged by the Juniors in honor of all the Seniors.

Seniors are a product of eleven years hard, mental cultivation. Many are already prepared to face the day to day challenge of the world about them. This is proven by the various Senior school leaders. For the first time in the history of the De Soto High School, the student body president was a Senior girl. Captain of the drill team was a senior and members of the same class headed the varsity football squad. Annual editor was a Senior and many new twelfth-graders were honored with Beta Club memberships. Also, on several occasions during the year, various Seniors accepted invitations to attend Dallas Rotary Club.

Sue,

You did a great job on the annual. Your daughter certainly improved the atmosphere of Spanish. Good luck during your [illegible] at De Soto. I'm sure it's going to be successful as others have been.

Sincerely,
Jimmie Morgan

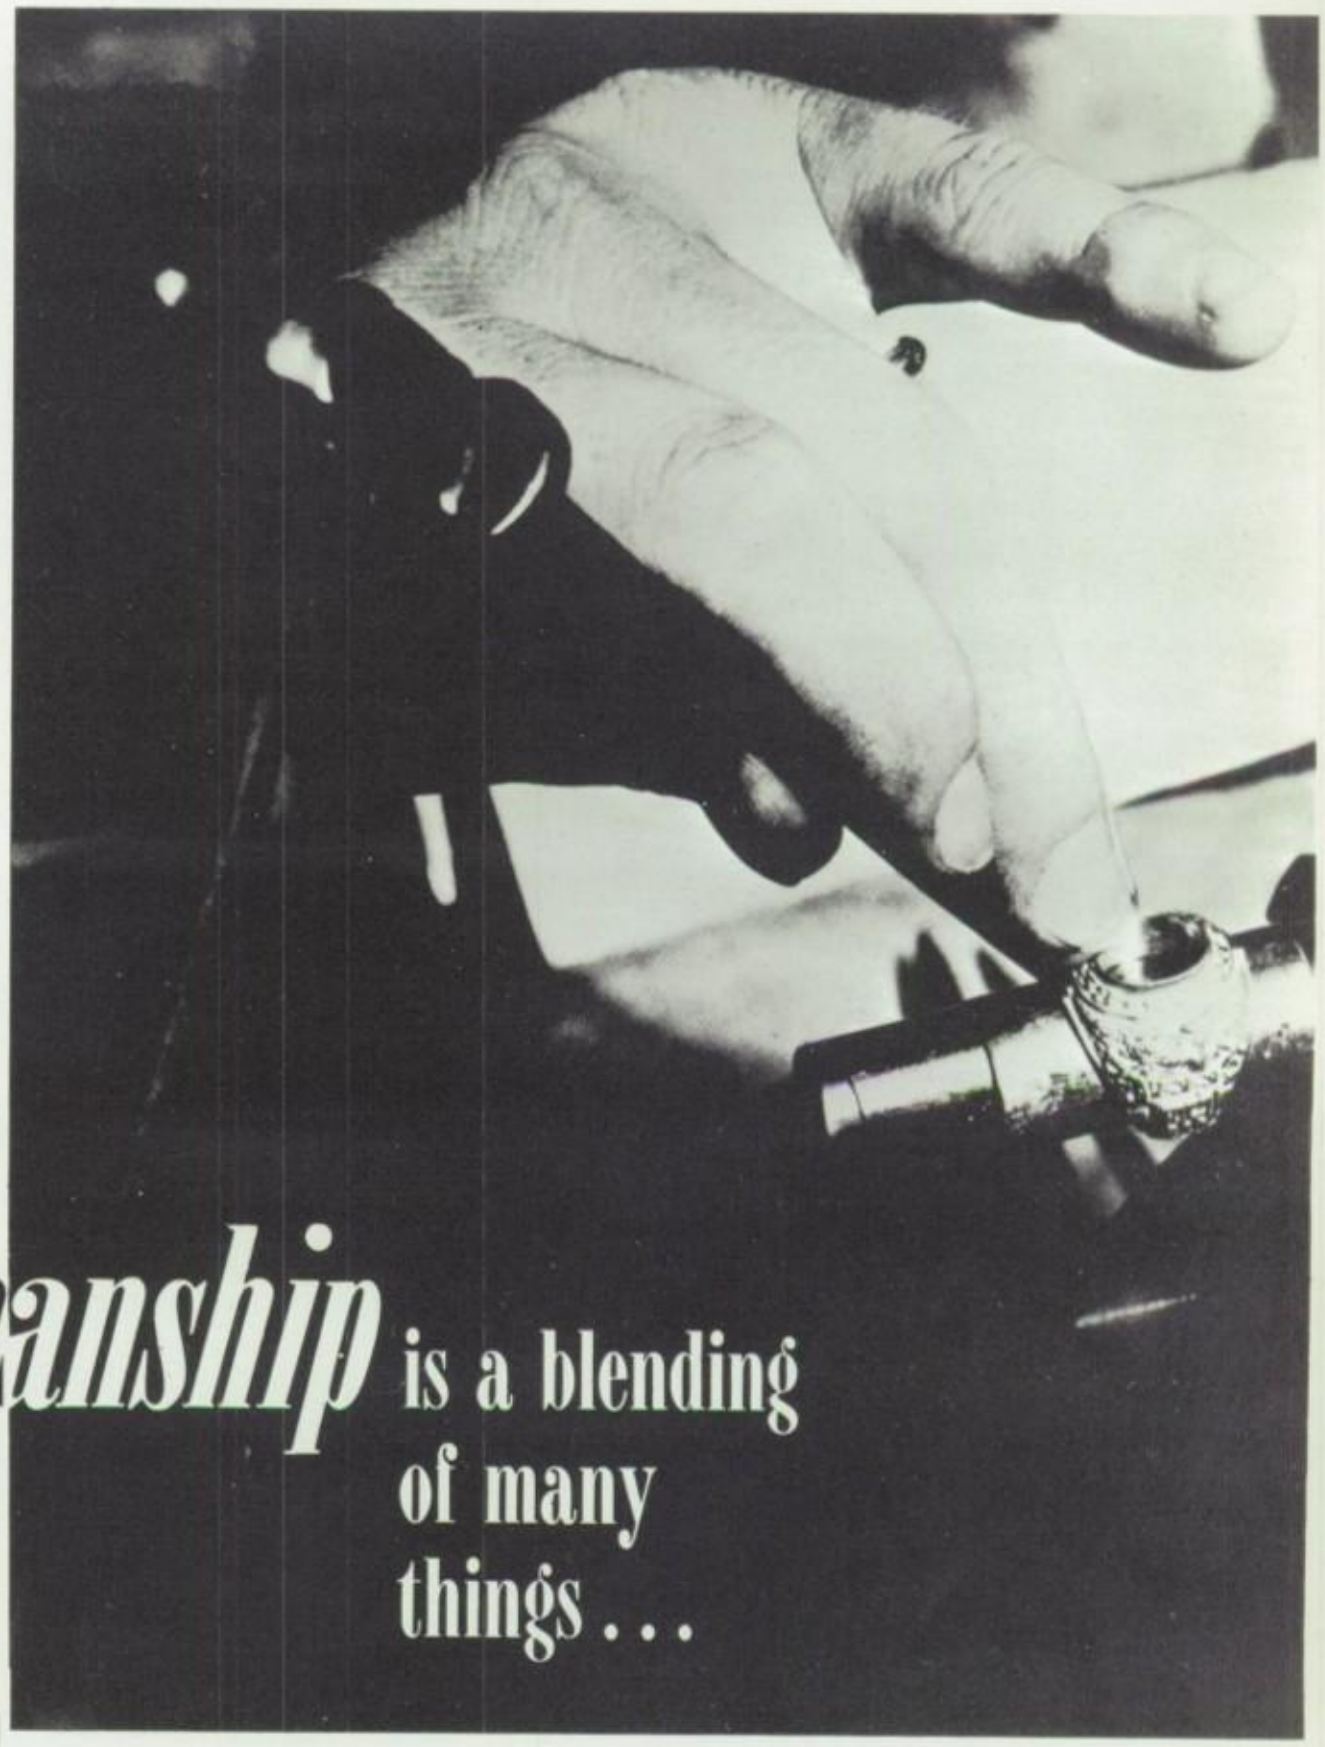
Craftsmanship is unchanging, though its techniques have been revolutionized endlessly through the years. Craftsmanship is precision . . . knowledge . . . dexterity — patience. But most of all, craftsmanship is pride in the job — pride that goes beyond pay or price or profit. Craftsmanship is not a system that can be installed by engineers. It is an indefinable element that is bred into the fabric of an organization by inspired leadership and unending insistence upon producing only the finest. Craftsmanship works through the mind and the hand, but its genesis is in the heart.



Craftsmanship is a blending of many things . . .

Just as everything must come to a close . . .

. . . the 1966-67 Eagle Eye is closed for another year. The annual staff wishes to gratefully acknowledge the assistance given by local and surrounding businesses, the sponsor, faculty, board members, and the students themselves.

The staff sincerely hopes that through the 1967 Annual the students of D.H.S. will be able to relive and cherish each memory pictured within its pages.

To a real great girl with a great personality. May you have the best of everything life can offer. Good luck.

To one of the nicest persons I've met. Even though you and I didn't have much time to get acquainted, I still like you and I'll never forget you. Now that we've met, I think that we should keep in touch. Keep on writing and remember me for an old saying, "Out of sight, out of mind." I'll always remember you as a very pretty, sweet, and nice girl.

Love,

To a real good friend. We've been through a lot together, haven't we? But it all turns out all right! I hope we're always good friends. Have good luck in all you do, especially in annual staff next year. Maybe you'll get to be tops in there yet! Love ya,

Sept '61 Babs

Sue,
I really and truly have enjoyed going to school with you. I'll be sorry never to see you next year & the following years since you're a good "kid" like you really are. (Do you dig?) I don't know what you will do, but I'll be looking for a long write-up in the old Chronicle.
Have always,
Carlene
(Senior '68-'69)

Sue,
You're an interesting and helpful person to have around. I hope we can be friends for a long time! Don't let us lose touch with each other.
Love,

Sue,
To one of the neatest girls I know, Keep up the great sense of humor.
